

e-DICT

The UK's Leading Total Solutions Provider of Digital Dictation

- Digital Dictation • Speech Recognition
- Enterprise Work Flow • UK Technical Support
- UK Outsourced Typing Service

e-Dict provide Digital Dictation, Speech and Transcription Solutions in Partnership with "World Leading" Partners.

Providing solutions for all:

- Single user
- Multi location users / Multi national users
- Increase Productivity - Manage Costs
- Fast Return on Investment

e-Dict's own brand Solution WebDirect has now expanded with WebDirect Office. An on-line Author and Secretary Software, users can work from anywhere with an internet connection.

WebDirect Author: the author facility to the e-Dict typing team, simply send your Digital Dictations to "an on-line" e-Dict typist from a Philips Digital Pocket Memo, Telephone or Blackberry from anywhere 24/7.

SimpleSpeech : "Speech Recognition that really works" authors can dictate from a Philips SpeechMike or Digital Pocket Memo directly to e-Dict's on-line Speech Server for front end or backend (Batch) document creation.

Typing Resource: e-Dict's UK based professional typing team providing 7 days per week coverage for the Legal and Property sector.

Winscribe Digital Dictation Workflow Solutions.
